

## HOURLMETERS

Veethree Instruments is proud to introduce our low cost range of hourmeters to the marketplace. The hourmeters track and record accurate engine running time for all engine types and can also be used to record time between services for maintenance purposes.

### Features and Benefits :

- Track engine operating hours
- Completely sealed from dirt and moisture
- Solid State Electronics
- Available in round and rectangular models
- Lower power consumption
- Uncluttered universal style
- Easy to read display
- Low cost and high reliability
